

BOATS BUILT BY HILLYARDS

David Hillyard did not keep a written record of the boats he built until after World War II when the Yard records begin arbitrarily with No 400. Boat name changes also confuse the issue. The following list is based on such records as the Yard possesses (Yard numbers in brackets) together with details culled from Lloyd's Register of Yachts and the records of the Hillyard Owners Association (HOA). As for tonnage, Hillyard measurement (HM) sometimes differs from Thames Measurement (TM), so wherever possible, both have been given.

Abbreviations:

C	- Cutter
Y	- Yawl
SCH	- Schooner
